

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Part - Ingersoll Rand offers services, products and solutions so as to increase the productivity and ensure efficiency in commercial, residential and industrial environments. They pride themselves in providing products to enhance the safety, comfort, security and health of individuals all over the globe throughout their four worldwide segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes food merchandising and refrigeration solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting advanced controls, services and parts support for both residential homes and commercial buildings.

Ingersoll Rand's Industrial Technologies sector provides solutions and products which improve their customers' productivity, operations and energy efficiency. The product range is diverse ranging from tools and pumps, fluid and material handling systems to complete compressed air systems. They have even developed Club Car, the global leader in utility and golf vehicles intended for people and businesses.

Recognized brand names like for example Trane and Schlage compromise the Residential Solutions business, providing safety, efficiency and comfort to home owners all around North America. Several of their innovative quality products consist of mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies provide products that ensure safe, productive and secure surroundings. This division's market leading products consist of floor and door closers, portable security devices, exit devices, biometric and electronic access control systems, cabinet hardware, steel frames and locks and doors, decorative hardware and locksets. Schlage even has products that provide time, attendance and personal scheduling systems.
