

Rockwell Part

Rockwell Part - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for technology, delivery, quality and service. They believe in working within an environment that supports the utmost integrity with empowered collaboration, along with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological stewardship and safety in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with any comments or questions, since they are happy to share and promote this policy with a greater understanding of their efforts. They are really devoted to improving and preserving the surroundings. AxleTech has an EHS program that not only protects the natural environment but which even actively protects their neighbors and staff too.

AxleTech specializes in the manufacture and designing of planetary axles meant for both commercial and military applications, which could include anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech specifically designs axles to be able to meet certain application demands. They have more than one thousand different axle specs in their existing offering. With more than one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in several military and commercial applications. They offer complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product collection.
